Rules

1. This is a team event. 3 members per team, mixed age group - choose your own team members! You may assign a speciality to each member - e.g. *1 striker, 1 defender & 1 goalie* or *2 strikers & 1 goalie*.
2. Age limit: 7 - 17 only.
3. Platform: **HunaRobo Supreme 1** and **Fun & Bot Purple** only.
4. Operation: Remote Control (RC) only.
5. Robot Size Limit: W25cm x L25cm x H25cm.
6. The playing field will be revealed on the day of competition.
7. Robots must be able to tolerate minor differences in the playing field surface.
8. The organizer will not provide any batteries. However, batteries are available for sale at the venue.
9. Handicapped teams, i.e. teams missing a member may compete (minimum 2 members available), but at their own "risk".
10. Team members or robots intentionally causing damage to the Playing Field or other robots or equipment will not be tolerated (disqualification).
11. Matches may consist of multiple rounds (see 12.).
12. A "goal" is scored each time the ball fully enters the "goalpost". The ball bouncing in and out does not count as multiple goals. The round ends when a goal is scored and all robots are reset for the next round.
13. Each match lasts a total of 5 minutes. "Half time" is not in effect.
14. Judges (Referees) and Assistants' decisions are final, argument will not be tolerated and may result in immediate disqualification.
15. Please contact Jian at +6-0111-232-5301 or Jun at +6-012-357-2634 for more information.

LEGO® Mindstorms NXT
Balls (Red & Blue) will be used:

Rules

1. The Open Category is open to all CR8® Club Members.
2. Participants are to create a robot based on the theme **Medieval Weapon**. This is also the theme for the World Robo Masters Cup Singapore (International) in June 2012.
3. Each student must build one robot from home and will be given 1 hour to set it up on the day of competition. A table will be provided for each student.
4. Teaming: 2 students and 1 robot per team.
5. Build and decorate your robot; using your creativity and imagination, make props suitable for your robot according to the theme.
6. During judging, you will be given 7 minutes to explain and demonstrate your creation to the judges.
7. If you have not finished presenting **when the time is up**, the judging session is ended and marks will be awarded based on the performance the judges witnessed (if any). **Judges' decisions are final**. Appeals will not be tolerated. **Make sure you rehearse your presentation beforehand!**
8. Among the things judges will look for are:

-- Creativity	-- Originality
-- Presentation Skill	-- Functionality
-- Engineering Skill	-- Aesthetics
-- Programming Skill	-- Efficiency
9. Winners will be awarded with attractive prizes during the Prize Giving at the end of the competition.
11. Please contact Jian at +6-0111-232-5301 or Jun at +6-012-357-2634 for more information.
